KICKED LIKE BLAZES.

MR. AND MRS. WES SPAID HAVE EXCITING EXPERIENCE.

Started Out Driving When Their Horse Proceeded To Kick Things To Pieces.

Mr. and Mrs. Wes. Spaid had an exciting experience with a kicking horse Sunday with the result that Wes is nursing a broken hand and several minor bruises, Mrs Spaid has a bruise or two and the buggy has gone to the scrap heap.

The accident happened about six o'clock as Mr and Mrs Spaid had started out for a drive. As they were driving up north Main street a dog ran out causing the horse to shy. Fearing that the dog would upset the buggy Wes. gave it a cut with the whip. Instead of helping matters this seemed to make it worse as the animal proceeded to run and kick at a furious rate. It was the kicking that did the damage, however. After disposing of the dashboard, shafts and front end of the buggy in general, the animal proceeded to hand some hot ones to the occupants of the buggy. One of these struck Wes on the left hand breaking one of the larger bones in the hand. Mr. Spaid was also struck on both shins and Mrs Spaid received a kick on one limb besides having her dress badly torn.

The frightened animal turned east on

LOWENSTEIN GETS \$2,500

IN DAMAGES AGAINST MO. PAC. RAILWAY.

After Being Tried Three Times—Case To Be Appealed

Tried twice in the courts of this county with a disagreement by the jury both times, the third trial of the damage suit of Carl Lowenstein against the Mo Pac railway for injuries received at hands of the company in Jasper which was tried in circuit court last week was finally disposed of giving the plaintiff a verdict for the sum of \$2,500.

The case has been on docket for the last several terms and has been one of the most bitterly contested damage suits which was ever tried in Jasper county. Lowenstein a farmer living near Jasper, was crossing a portion of the tracks of the Mo Pac near the depot in this city with a heavily loaded wagon when the supports sank and he fell from the load and received severe injuries.

It is entirely probable that the case will go to the supreme court on an appeal.

IN A CYCLONE

E. I. Lauderbaugh Receives Heavy Loss.

Henry Cather received word the other day from his daughter Mrs E I Lauderbaugh of Lakewood, New Mexico, telling of their thrilling experience in a cyclone which visited that locality on Tuesday of last week. Their home was entirely destroyed with all the contents with the exception of a few articles. Mrs Lauderbaugh and Roy Bennett who is staying with them were at home alone when the storm came, Mr Lauderbaugh being at town. When they saw the storm coming they ran from the house to the barn, which proved to be fortunate for them as the barn was not destroyed.

The wind was followed by a terrible hail storm which practically destroyed their crops. In passing from the house to the barn Mrs Lauderbaugh was struck with some hail stones and received a number of rather severe bruises. It is said that some of the hail stones were as big as a hen egg.
